## INDEPENDENT AUDITOR'S REPORT

November 10, 2020

To the Board of Directors  
United Way of Delaware, Inc.  
Wilmington, Delaware

### Report on the Financial Statements

We have audited the accompanying financial statements of United Way of Delaware, Inc. ("the Organization"), a not-for-profit organization, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

To the Board of Directors  
United Way of Delaware, Inc.

effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

As described in Note 1 to the financial statements, management has elected not to include the financial data of Delaware Helpline, Inc., whose statements reflect total assets of \$298,719 and total liabilities of \$55,954 as of June 30, 2020, and total revenues of \$651,256 and total expenses of \$680,056 for the year ended June 30, 2020. Accounting principles generally accepted in the United States of America require that the financial statements of United Way of Delaware, Inc. include the financial data of Delaware Helpline, Inc. since United Way of Delaware, Inc. has a controlling financial interest in that Organization.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Delaware, Inc. as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited United Way of Delaware, Inc.'s June 30, 2019 financial statements, and we expressed a qualified audit opinion on those audited financial statements in our report dated January 7, 2020 due to management excluding the financial data of Delaware Helpline, Inc., whose statements reflect total assets of \$308,198 and total liabilities of \$36,633 as of June 30, 2019, and total revenues of \$600,782 and total expenses of \$635,415 for the year ended June 30, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 NATURE OF THE ORGANIZATION

United Way of Delaware, Inc. ("the Organization") is dedicated to improving the quality of life in the State of Delaware by mobilizing society's capacity to care. A not-for-profit organization, the Organization is a unique partnership that involves donors ranging from staff, volunteers, social service agencies, businesses, government, other nonprofits, and concerned individuals to achieve results that matter and to make a lasting impact on the quality of life in its community.

The Organization engages in a fall fund raising campaign to raise funds for member agencies, as well as other 501(c)(3) agencies. The Organization focuses community attention on the most critical human needs in Delaware, as well as addressing both the symptoms and the root causes of Delaware's most plaguing issues.

The Organization is dependent upon contributions from corporate and individual donors to support its program services. The level of such contributions can be affected by economic and other conditions. In addition, the choice on the part of donors to designate their gifts to specific agencies can result in reduced funding available to fund programs. A decrease in undesignated contributions could adversely affect the Organization's ability to provide services and to allocate funds to its member agencies.

In addition to its fund raising efforts, the Organization coordinates and administers the public sector campaign for state government (SECC) and provides direct services to the community through the efforts of organized labor, including services and fund raising coordinated by the labor locals. The Organization also administers an unemployment insurance fund on behalf of several member agencies.

Delaware Helpline, Inc.'s by-laws and certificate of incorporation document that the Organization is its sole corporate member with a majority voting interest, thereby giving the Organization a controlling financial interest. In accordance with the section of the Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") related to consolidations of not-for-profit organizations, the financial statements of Delaware Helpline, Inc. must be consolidated with the financial statements of United Way of Delaware, Inc. The Organization has elected to omit the activity of Delaware Helpline, Inc. from this report.

Delaware Helpline, Inc. is a not-for-profit agency which provides a statewide, toll-free comprehensive information and referral service. It is dedicated to assisting people in need of human services by informing them of available public, private, and voluntary programs and providing assistance services to resolve those problems. It maintains a database on current health service information in Delaware.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting.

Financial Statement Presentation

The Organization prepares its financial statements in accordance with the section of the FASB ASC related to financial statements of not-for-profit organizations. Under the FASB ASC, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restriction and net assets with donor restriction. In addition, the Organization is required to present a statement of cash flows.

Contributions

Contributions received are recorded as with donor restriction or without donor restriction, depending on the existence and/or nature of any donor restrictions. When a restriction expires, net assets with donor restriction are reclassified to net assets without donor restriction and reported in the statement of activities as net assets released from restriction.

Amounts Raised on Behalf of Others

Donor organizations and individuals participating in such entities' United Way Campaigns may choose to designate all or part of their contributions to specific charitable organizations. These transactions are reported in the statement of activities as part of the total campaign effort and are then deducted as amounts raised on behalf of others to arrive at the public support revenue available to the Organization for use in supporting its programs. Amounts deducted are carried as liabilities until paid to the designated charitable organizations. Fund raising and processing (administrative) fees of up to 12½ percent of amounts designated are recorded as revenue upon collection and prior to remittance to the designated charities. The Organization honors all donor designations to 501(c)(3) and qualified 501(c)(4) agencies in the United States of America in good standing with the IRS. Amounts raised on behalf of others for each of the annual campaigns for the years ended June 30, 2020 and 2019 were \$6,214,384 and \$5,029,220, respectively.

The Organization reports campaign results which are transferred to a not-for-profit organization specified by the donor in accordance with the FASB ASC section regarding transfers of assets to a not-for-profit organization or charitable trust that raises or holds contributions for others.

UNITED WAY OF DELAWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Income Tax Status

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Organization's tax-exempt purpose may be subject to taxation as unrelated business income.

Accounting principles generally accepted in the United States of America prescribe rules for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Organization's tax returns. Management has determined that the Organization does not have any uncertain tax positions or associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Organization's tax returns will not be challenged by the taxing authorities and that the Organization will not be subject to additional tax, penalties, and interest as a result of such challenge.

Cash and Cash Equivalents

The Organization considers all short-term highly liquid investments with an original maturity of three months or less to be cash equivalents.

Pledges Receivable

Allowances for uncollectible pledges are reviewed and estimated by management annually. As of June 30 of each fiscal year, a final accounting is made of the prior year's campaign. Pledges receivable related to the prior campaign that have not been realized are determined to be uncollectible and are written off.

Building and Equipment

Building and equipment are recorded at cost and depreciated on a straight-line basis over the estimated useful lives of the respective assets. The Organization uses a capitalization threshold of \$1,000. Expenditures for maintenance, repairs, minor renewals, and betterments which do not improve or extend the useful life of the respective asset are expensed. The following is a schedule of the estimated useful lives:

Equipment, furniture, and fixtures	3 - 7 years
Building	40 years
Improvements	4 - 20 years

Investments

Investments are reported at fair value.

UNITED WAY OF DELAWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Allocation of Functional Expenses

The costs of providing the programs and other activities have been summarized on a functional basis in the statement of activities. Whenever possible, costs are directly assigned to the campaign operating costs and program functions using the direct identification method based on the nature of the expense. Accordingly, certain costs such as salaries and wages, payroll taxes, and employee benefits have been allocated among the functions utilizing the time study methodology. Depreciation expense has been allocated based on the historical usage pattern of the underlying assets.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Prior Year Financial Statements

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

NOTE 6 RETIREMENT PLAN

Effective July 1, 2010, the Organization instituted a 403(b) defined contribution pension plan available to all employees. The plan provides for voluntary contributions by employees that are matched by the Organization at fifty cents on the dollar up to six percent of base salary. In addition, the plan allows the Organization to make a discretionary contribution annually at the end of the plan year. Such contribution is calculated as a percent of the employee's annual base salary earned during the plan period July 1 - June 30. The Organization made contributions to the plan of \$114,360 and \$104,952 for the years ended June 30, 2020 and 2019, respectively. Employee contributions to the plan immediately vest to the employee. Employer contributions to the plan vest to the employee over a six-year period.

NOTE 7 DONATED SERVICES AND MATERIALS

Contributed services are not recognized as revenue unless the services received create or enhance the value of a nonfinancial asset, or require specialized skills which are provided by individuals possessing those skills and would typically need to be purchased and not donated. The State of Delaware paid agencies, coaches, and consultants on behalf of the Organization as a part of the Stand by Me program valued at \$682,000 and \$379,532 for the years ended June 30, 2020 and 2019, respectively.

NOTE 8 UNEMPLOYMENT INSURANCE

The Organization administers an unemployment insurance fund on behalf of several of its member agencies. The agencies make contributions to the fund and, in turn, unemployment expenses are paid by the fund. For the years ended June 30, 2020 and 2019, contributions to the unemployment fund totaled \$127,668 and \$14,543, respectively. Claims and advisory fees for the years ended June 30, 2020 and 2019 totaled \$88,495 and \$121,705, respectively.

NOTE 10 BOARD-DESIGNATED ENDOWMENT FUND

The Board of Directors established a general endowment fund to support the mission of the Organization. Since that amount resulted from an internal designation and is not donor-restricted, it is classified and reported as net assets without donor restriction.

The administration of the endowment fund is overseen by the Delaware Community Foundation as approved by the Finance Committee.

Spending Policy

In order to meet the intended purpose of the endowment fund to fund community needs over time, an amount equal to five percent of the average balance of the last four quarters of the endowment fund shall be withdrawn in the first quarter of each calendar year. For this calculation, the endowment fund balance will be measured at the end of March, June, September, and December.

Strategy Employed for Achieving Objectives

Per the Organization's investment policy, the assets of the endowment fund shall be invested in a manner intended to maximize the total return of the fund over the long term. The assets shall be broadly diversified, with the assets divided among asset classes within the following ranges:

Equities	40% - 75%
Fixed income	20% - 50%
Cash equivalents	0% - 20%

Non-U.S. investments can comprise up to 25 percent of the total assets of the endowment fund.

The Investment Committee is charged with the responsibility of reviewing the endowment fund on an annual basis. This includes asset allocation, fund selection, investment performance, and adherence to policy limits.

Changes in endowment net assets for the years ended June 30, 2020 and 2019 are as follows:

NOTE 12 CONCENTRATION OF CREDIT RISK

The Organization maintains its cash in two commercial banks located in Wilmington, Delaware which, at times, may exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. In addition, the Organization invests in repurchase agreements which are collateralized by investments in securities which are direct obligations of, or fully guaranteed as to principal and interest by, the U.S. government or an agency thereof. The Organization has not experienced any losses in such accounts.

NOTE 13 FAIR VALUE MEASUREMENTS

The Organization's investments are reported at fair value in the accompanying statement of financial position.

In accordance with the FASB ASC section regarding fair value measurements, a fair value hierarchy is established that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 is based on observable market factors not included in Level 1, and Level 3 is based on unobservable inputs such as those that are internally developed. The Organization uses

appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Fair values of assets measured on a recurring basis at June 30, 2020 and 2019 are as follows:

<u>June 30, 2020</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>

***Level 2 Fair Value Measurements***

The fair value of the investments with the Delaware Community Foundation are determined based on observable market factors not included in Level 1, such as quoted market prices for similar assets or liabilities in an active or non-active market. The Organization's portion of the investment pool is valued by the Delaware Community Foundation on a monthly basis. The investments in the pool are actively traded and valued using quoted market prices. However, since the investments are pooled funds, they are designated as Level 2 investments.
